DATELINE

OCTOBER 31	Monday	Halloween Party, Carondelet Center, 12:00 noon
NOVEMBER 4	Friday	Last day to withdraw from a course without incurring an "F"
6	Sunday	OPEN HOUSE at DOHENY, 1:00 - 4:00 p.m.

MID-TERM REPORTS TO BE ISSUED

At mid-term the Doheny A.A. program offers an "early warning system" for students who have a "D" or "F" average. Faculty members note the reasons for the grade on the Unsatisfactory Work Report (obtainable from Gail Anthony in Building 7) and give a copy to the student, to her advisor, and to the Academic Dean

Conferences are set up between the instructor and the student, so the student understands the cause for the low grades and can work to pass the course. As part of the Doheny support system, the academic advisor also assists the student to take steps to improve her grade. This early warning should be particularly helpful to students receiving BEOG or MSMC institutional funds since an unsatisfactory grade point average (below 2.0) for the Fall Term will result in ineligibility for funding next term.

FACULTY, STAFF, STUDENTS, ADMINISTRATION

Come out of the closet!

Tired of the day-to-day routine? Is your creative mind in neutral or sitting half-forgotten in a closet or a bottom drawer? Here's a solution for you -- may even earn you some money and notoriety!

The Mount Festival, "The Creative Mind: From King Tut to 2002," scheduled for the week of November 13, includes the Creative Mind Contest. Some know it as "The 'We Do Have Grey Matter' Contest." $10 awards will go to the first prize winners in eight categories: 1) short story, 2) poetry, 3) non-fiction essay, 4) 35mm. photography, 5) all other photography, 6) crafts, 7) painting, and 8) drawing. As many as two honorable mention awards of $5 each will also be awarded in each category. The coordinators reserve the right to recognize a creative entry which is suitable for exhibition, yet fails to fall in a conventional category. In other words, don't let our categories inhibit you.

What do you do to see some of the loot and to get your creative mind's contribution in lights?

By November 7, haul your (never before prize winning) entries out of the closet and into the eager hands of contest chairperson Katie Pugal (Chalon Campus senior), Sister Miriam Therese Larkin (Chalon Campus), Janice Robinson (Chalon Campus junior), or Sister Joseph Adele (Doheny Campus). We suggest that all written entries be typed and accompanied by a separate title page listing your name, address or room number, and telephone. Please attach similar dog tags to all other entries. Enter as many times and in as many categories as you wish.

A panel of esteemed experts will judge the creations. Winners will be announced Thursday, November 17, at noon. The last four days of the festival will find your treasure on exhibit at the Chalon Campus.

Review and submit your creations and find yourself a winner (and out of the closet)!

Last Thursday, November 17, the J. Paul Getty Museum in Malibu welcomed the following Doheny students--Rebecca Burk, Lina Galeai, Jessie Lucas, Leslie Singco, Mary Saenz, and their instructor, Sister Joseph Adele. COURSE PROPOSED TO BOGGLE MIND AND SOUL

Would you enjoy a class which BOGGLES the mind AND the soul? Contemporary Religious Challlenges proposes to do just such a thing during the Spring Term. You will bend your mind and soul around such current concerns as: God - is ours too small?; the institutional Church - is ours too big?; the spiritual life - is ours too little?; if so, do we go East or West?; will the real Jesus of Nazareth stand up?;the Bible, fact, myth, or magic?; the secret source of morality; can sex be sexy AND significant?; abortion - the ONLY medical-moral problem?; is Christianity really the best of two possible worlds - time and eternity?

Father Sylvester Ryan, campus chaplain, will teach this class of ten one-hour sessions with one unit of credit. A proposed day will be Mondays in the afternoon at a time adjustable to the greatest number of interested students. If you ARE interested, please contact Sister Margaret Anne or Father Ryan as soon as possible, or leave a written notice of interest and optimum time with Sister Leo Francis to forward to Father Ryan.

FROM THE OFFICE FOR STUDENT DEVELOPMENT

This is the last week to contribute to the THANKSGIVING FOOD BASKETS. If every student would bring only one item or contribute $1.00, we would be able to help many families in this area to enjoy one full meal. Please help by reminding each other in class.

The CIRCUS is coming to Doheny Campus on Tuesday, December 6, from 12:00 noon to 2:00 p.m. It is a travelling carnival and will be a treat for all; your parents and friends are welcome. Bring a sack lunch on that day, and come and go as your class schedules permit. There will be animal acts, jugglers, mime, clown and high-wire acts. Don't miss the fun!

FIRST-YEAR STUDENTS: This is the last day for you to join a group so that you will have your picture in the Doheny '78 Picture Book. It will only take five minutes of your time. Please come: we need you.

SECOND-YEAR STUDENTS: If you did not have your portrait taken while Mr. Christy was on campus, you may still have your picture in the Picture Book if you have one taken before November 30. MASS IN SPANISH AND LAS POSADAS NEXT WEEK AT DOHENY

Next Monday, December 5, during College Hour, Father Sylvester Ryan will celebrate Mass in Spanish in the Pompeian Room. Although a few days early, the Mass will be preceded by the traditional "Posada Procession." After Mass there will be the breaking of the "Pinata" and refreshments.

What are "Las Posadas"? The "Posadas" commemorate the stops that Joseph and Mary made on their way to Bethlehem. In Mexico the Posadas take place nine days before Christmas, starting on December 16. The Posada singers carry carved figures of the Holy Family and walk from door asking for shelter. Before each home, they beg for a place to stay. Behind the door, the family replies that they are not operating an inn, and the suggestion is made that the singers continue on their way, that the door will not be opened. Eventually the singers find a home where the door is opened, and they are welcomed: "Enter, Holy Pilgrim, and take your corner, not in my poor house, but in my heart."

"INCOMPLETE" POLICY DEFINED IN DATALOG

Instructors and students are reminded of the policy regarding "Incompletes" which can be found in the Catalog Supplement ('77-'78), p. 5. An "Incomplete" is given only when a student: (1) has fulfilled the majority of the course requirements, (2) has a passing grade in the class work, (3) is prevented from completing the assigned work for serious reasons, and (4) has consulted with the instructor prior to the grading period, and the instructor has determined that the student can realistically complete the work within one term/semester.

An "Incomplete" will remain as such unless removed by the instructor within one term/semester. The student is responsible for completing the required work during the allotted time and delivering it to the instructor for evaluation. The fee for removal of an "Incomplete" is $10.00. The "Incomplete" is ignored when computing the Grade Point Average. An "Incomplete" can be extended beyond one term/semester only upon petition to the academic dean.

CIRCUS ON CAMPUS: Bring a sack lunch; invite your friends and family; come and go as your class schedule allows from 12:00 noon to 2:00 p.m. next Tuesday, December 6. The Royal Lichtenstein Quarter-Ring Circus will be at Doheny: animal acts, jugglers, mime, high-wire, a clown. Wit, humor, drama, suspense, pathos--a treat for the ear, the eye, the emotions, and the mind. We want those of you who contributed money to know that we were able to provide turkeys and fresh vegetables because of your generous response. Thank you. In total, we received 96 items.

REGISTER NOW if you wish to attend events and workshops of your choice at the Los Angeles Religious Education Congress 1978 which will be held from February 2-5 in the Anaheim Convention Center. See details on the bulletin board. Registration material is available in Office 2.

FROM THE OFFICE FOR STUDENT DEVELOPMENT

Thanks to all who have helped to make the windows in Building 4 so beautiful. Even though this is exam week, and we do find it hard to move into the spirit of Christmas, we cannot help but find Christmas when we walk through these halls. There are a few windows left if anyone desires to share her talents with us. Come to Office 3 for the paint.

FOR THE TIRED AND WEARY: Before, during, or after your exams there is coffee, hot chocolate, and snacks in the Carondelet Center through the courtesy of your Student Officers.

There are still a few articles left for sale at the CHRISTMAS FAIR and time for you to bring your wares in order to make a little Christmas money. Cookies, cakes, etc., are always popular!

During the Interterm there will be no formal College Hours on Monday. We will, however, schedule some events for your enjoyment. Please watch the bulletin boards for important EVENTS. If you have any ideas or suggestions for events, please see your student officers.

We are now in the process of planning for the Baccalaureate Mass, the Laurel (Awards) Day activities, and Graduation. We do need the help of second-year students in planning these events. If you wish to make any suggestions for these important events, please leave your name and Interterm schedule with Sister Leo Francis this week.

This year Spring Sing will be a combination of previous year's format allowing the multi-talents of both MSMC campuses to unite and perform in a professional manner to make this an entertainment highlight of the year!

The invitation is extended to all students, faculty and administration to create or adapt an idea suitable for stage performance. Solo, small group & large group acts dealing with copyright or original material are welcomed. A wide variety of drama, music, dancing, comedy, and specialty numbers are encouraged.

FROM SISTER MARY WILLIAMS, ACADEMIC DEAN:

As we look ahead to plan the weekend of Honors, Baccalaureate, and Graduation, we want to respond to the many people who would like to see the schedule of these events rethought.

An Ad Hoc Committee, appointed by the Dean for Academic Development and composed of students, faculty, and administration from both campuses, met in December to discuss various possible ways of changing the timing of these events. The Committee now needs your ideas and opinions. We have put together several models of an Honors-Baccalaureate-Graduation schedule, together with some questions we would like you to respond to, before the committee sends its recommendation for change to the President.

The questionnaire is attached to this bulletin. If you have a personal or professional interest in the Graduation weekend, please take a few minutes to fill out the questionnaire and return by January 20, 1978 to Sister Mary Williams (box #55 on Chalon Campus, mailbox in Building 10 on Doheny Campus).

Basic to all our thinking is the determiniation to keep our Mary's Day, Laurel Day, Baccalaureate, and Graduation as impressive and beautiful as they have always been. Our effort is to help more people attend (e.g., parents who live at a distance who cannot travel to Los Angeles for two successive weekends) and to make changes for the purpose of improving the celebration and honoring our graduates.

Committee members are: Sister Mary Williams (Chairman), Sister Kathryn Grant, Dr. Mabey, Sister Leo Francis, Sister Marie Loyola, Mrs. Rita Veatch, Sister Miriam Therese, Sister Mary Frederick, Sister Teresita, Diana Mariscal, Susie Schelling, and Kathy Hunter. (This committee is not to be confused with the Graduation Committee which will be appointed in February to plan and direct baccalaureate and graduation events.)

INTERVIEW: MARY ANNE STERLING, ASSISTANT DIRECTOR OF ADMISSIONS & FINANCIAL AID

by Gail Anthony

What are human services and how will the development of human services at Mount St. Mary's College benefit students at the Doheny Campus? The answers come from Ms. Mary Anne Sterling, Assistant Director of Admissions and Financial Aid, who is working with the college in developing enrollment in human services programs. Mary Anne's position is newly created and available to the college because of a government AIDP grant (Advanced Institutional Development Program) for human services development.

In Mary Anne's job, the priorities are community awareness of and recruitment of students for the new human services programs that the Mount is initiating this coming Fall semester. The new academic programs at Doheny will be: 1) physical therapy assistant, 2) respiratory therapy assistant, and 3) medical secretary. Besides having these new options for majors, by Fall '78 students at Doheny will benefit from a new center which will house a counseling office for personal and academic needs and an office of career counseling and job placement, as well as a learning resource center for tutorial and self-paced instruction. By expanding academic programs and services in the human services area, the Mount will be even more valuable to the Los Angeles community.

Mary Anne sees herself in her new position as a liaison between the community and the college, between students interested in the college and the human services programs. Her objectives in recruiting are twofold: to increase enrollment in the new programs and therefore in the total college as well, and to publicize the new programs. Mary Anne assists students with information and procedures for financial aid assistance appropriate to each person's needs. Mary Anne's recruiting efforts so far this Fall and Winter have taken her to over 180 high schools and community colleges. She has also been making initial contacts and following up with community agencies. The Spring will find Mary Anne with more regular office hours (Monday-Friday, 9:00-5:00) in Building #7 at Doheny, receiving and processing applications for admissions and financial aid, still dealing directly with students applying to Doheny Campus. Mary Anne also plans to deal with the problems and concerns of prospective applicants and enrolled students.

Even before joining the college administrative staff in September 1977, Mary Anne was involved in academic and human services occupations. Her most recent job experience was with CETA (Comprehensive Education and Training Act), a federally-funded agency for the economically and educationally disadvantaged. Familiar with academic and urban surroundings, Mary Anne holds a B.A. in Spanish from the Mount, worked with College Relations and Admissions after her graduation in 1975, and has travelled and studied in Mexico and Spain.

WORK REPORTS TO BE ISSUED AS STUDENT SUPPORT

As another dimension of our Doheny support system, students are notified by instructors at mid-term if they are earning a grade of D or F. The student receives a copy of the Unsatisfactory Work Report, and her advisor and the Dean also receive copies. As soon as possible, consultation and plans for improvement are then made with the instructor and the advisor so that a passing grade is possible for the course. If a student receives notices in two or more courses, Sister Margaret Anne will also discuss the situation with the student.

SPECIAL FOR RETURNING STUDENTS

What are your plans for next January?

"January! I can't even manage April and May; why are you asking me about NEXT JANUARY?"

This is why: INTERTERM 1979 could be a very special experience for you if you plan ahead.

Why not make The English Connection, for example? Spend 21 days in January, 1979, exploring the art, drama, music, architecture, literature, and people of England. Planning for this experience would mean saving $$$$ for the trip; you couldn't spend it more wisely. "When a man is tired of England, he is tired of life."

On the other hand, why jaunt off to Europe if you haven't yet experienced The Arts in Los Angeles? This course is designed with YOU in mind if you have been daydreaming about "someday" visiting museums, libraries and galleries, and going to concerts and plays closer to home. All this and credit, too!

Another journey you could take is into yourself: that talented self that longs for an opportunity to create. Do it with style! Take Marionettes: Design, Construction, and Manipulation with the noted professional, Tony Urbano; and design, carve, paint and costume a marionette. Then make it come alive on the puppet stage!

"Alas," you moan. "I have no money, and I'm not especially creative. But I would like to help someone who really needs help."

Education for Justice is for you. In this experience-oriented course, you can become involved in diverse community programs which focus on the immediate and long range assistance to the poor, the aging, minorities, delinquents, the disabled, and others in need. Sister Joyce Marie and Father Sylvester Ryan will provide the theological framework which will locate the activities of the class within the compass and aims of social justice.

Perhaps architecture is your "thing," and the history of religions interests you. If so, sign up for Living Architecture: Another View of the History of Religions, and visit such places of worship as a Buddhist or a Mormon temple, a Jewish synagogue, or a Byzantine church while learning about religions visible in the Los Angeles area.

Or study biology under a palm tree on a white, sandy beach on a Hawiian Excursion! Discover the enchanting beauty of oceanic islands as you inspect and study the volcanoes, beaches, flora and fauna of island ecology in the light of the history and culture of the people.

"But," you argue, "I have no money to travel next January, and I have a part-time job which will keep me close to home. What courses are being offered on the Doheny Campus?"

I thought you'd never ask.

1)	ENG 17	Appreciation of Literature Through Eyes of Film
2)	ENG 17	Short Stories: The Tip of the Iceberg
3)	ART 5/105	Fundamentals of Art
4)	ART 53/153	Serigraphy (Silk Screen Printing)
5)	SPA 2	Elementary Spanish
6)	BIO 91	Drugs and Their Use and Abuse
7)	RST 80/180	Death and Dying: Religious Aspects

12)	CST 10	Human Nutrition

MEMOS FROM THE ADMISSIONS OFFICE

If you are considering transferring to the Chalon Campus in September and have not submitted an Inter-Campus Transfer Application, now is the time to do it. You can come to Building 7, Admissions Office, and pick up all the information.

If you have already applied for an Inter-Campus Transfer, let me assure you that we are in the process of making decisions about your transfer. Some of you have already been accepted. It is very important that you meet with an advisor at Chalon to insure that you will be enrolled in the classes you desire. We will be assigning an advisor to each of you this week, and it will be up to you to arrange a convenient time and day to meet with him/her. We are planning a special orientation evening for you at the Chalon Campus; you will be receiving details shortly. If you have any questions regarding your Inter-Campus Transfer, please don't hesitate to call upon me; that's what I'm here for.

NOTE TO "THE WIZ": Just a word of congratulations to all of you who participated in the Spring Sing. We're proud of you for having expended all the time, effort, and energy in representing the Doheny Campus. Your presentation was, in my opinion, a real success.

SUMMER SCHEDULE POSTED ON CAMPUS

The revised Schedule of Classes for Summer '78 Session at MSMC is now posted in Carondelet Center and near the A.A. office in Building 7.

FROM THE OFFICE FOR FINANCIAL AID

BEOG data must be verified. Under federal regulation, BEOG data must be routinely verified by the institution. In order for us to accomplish this responsibility, we will request a copy of the parents' and/or students' 1040 or 1040A income tax return for 1977.

The Office of Education is also initiating a special audit check this year, and students chosen at random will be required to provide verification of specific information PRIOR TO DISBURSEMENT OF FUNDS.

The data on the Student Eligibility Report to be validated includes: adjusted gross income, non-taxable income, federal taxes paid, household size and number in post-high school, veterans' benefits, dependent/independent status, medical/dental expenses, and casualty/theft losses.

If you are selected for this verification procedure, you will receive instructions to see the Financial Aid Officer at your campus. Please come as soon as possible as this procedure will take time, and your award MAY NOT BE DISBURSED TO YOU UNTIL ALL VALIDATION PROCEDURES ARE COMPLETE. Reminder: Send all three copies of the SER to us as soon as you receive them.

The Financial Aid Office will be closed this Monday, May 1, but open on Thursday, May 4.

<u>SPECIAL MASS FOR GRADUATES NEXT MONDAY</u>

During College Hour next Monday, May 15, there will be a Mass in the Pompeian Room honoring all students who are graduating from Doheny this May. The front rows will be reserved for the graduates. Please plan to attend if you will be graduating in May; the liturgy is planned in your honor. First-year students, faculty and staff are also welcome and encourage to attend so that we may pray together for our graduates.

FROM THE OFFICE FOR STUDENT DEVELOPMENT

The following is Mount St. Mary's policy regarding the nomination and selection of students to represent the class in the graduation program:

Each year, the graduating class nominates students to represent the class in the graduation program. The Graduation Committee makes the final decision. This year, a representative from both the baccalaureate and the associate degree programs will be chosen. The Graduation Committee has developed the following procedure for the nomination and selection of these representatives for 1978.

CRITERIA:

The students should be representative of their Class of 1978. This implies contribution to the academic, cultural and/or social environment of the Mount. This could include departmental involvement, all-college student activities, voluntary community service, etc.

In addition to the above, it is also important that the students selected should be good public speakers, be articulate, and have good ideas.

PROCEDURE FOR SELECTION:

1. All graduates may nominate as many persons as they wish for consideration of this honor. Graduates may nominate themselves, if they wish. Each nomination must be accompanied by a rationale which addresses the criteria established by the Graduation Committee.

2. A list of all students receiving two or more nominations will be sent to the graduates for a preferential vote.

3. The Graduation Committee will make the final decision from the top three nominations.

****

All FIRST-YEAR STUDENTS who wish to take part in the GRADUATION ACTIVITIES: please see Sister Leo Francis this week.

****

Those students involved in the GRADUATION COMMITTEE are asked to attend the general meeting in the Rumpus Room at the Chalon Campus on Tuesday, May 9. Dinner is included.

****

Also on May 9: The STUDENT LIFE POLICY BOARD meets from 3:00 - 5:00 p.m. Student members, please make arrangements to attend as the agenda is important.

****

GRADUATES: If you have not turned in your papers for the Alumnae Association, please do so today. The members of this association would like to keep in touch with you. They will host the reception at the Laurel Day activities; so, if you have any questions about the Alumnae, you may contact one of the members personally on that day.

PRE-SCHOOL MAJORS SUMMARIZE EXPERIENCES IN STUDENT TEACHING

Eight second-year majors in the Pre-School program will have completed over 180 hours or student teaching by the end of next week. The following comments sum up their experiences:

DIANA MARISCAL: Patience, concern and love are very important elements when working with developmentally-delayed children. This is what I have learned while doing my student-teaching at the Exceptional Children's Foundation. Being involved with these types of children has helped me to become aware of people's needs and to accept people as they are.

MARIA D. TORRES: My experiences while student-teaching at MSMC's Child Development Center were very helpful. I learned that every child is different, and their differences are what make them special. The staff helped me by allowing me the room to make errors, and from these errors I learned what to do and what not to do. The staff also supplied me with different ideas, and they encouaged me to try out my own ideas. I learned a lot in a short period of time; I only wish it could have lasted longer.

DOLORES SALAZAR: I did my student-teaching at L.A. Trade Tech Child Development Center, and my master teacher was Mary Norman. It was a wonderful and interesting experience working with so many children. It's a time that I will never forget, and I wish it would never end.

CONNIE CABALLERO: My teaching experience was very rewarding to me in that I now know how to go about teaching young children what they should and want to know. The people I worked with were great in helping me out when I needed it, too.

SUE GIFFONI: Being a student teacher helped me to reinforce my own views on working with young children. There are so many professional opinions on this subject (i.e., the manner in which to teach young children) that it seems at times a bit confusing--until one actually starts working with children and seeing others work with them. The student teacher then begins to see many things being done that she might disagree with, and maybe even more techniques of teaching that she agrees with. The important factor, however, is that she becomes aware of HERSELF and HER feelings about what is best for the young child.

POORNIMA REDDY: I don't think I'll ever again experience the unique opportunity of teaching normal as well as physically and mentally handicapped young children all in one room as I did at Salvin School. At times it was frustrating, but as I look back now, those times were the most challenging. I learned to look at each child as an individual with the potential of developing to his fullest. The whole experience was a good base for my career ladder in education. (Poornima is the first A.A. student to have done her student teaching in a L.A. Unified School District site.)

RITA BALTAZAR: Working as a student teacher was a great experience for me because, before this term, I was only acquiring theories about children; now I am putting these theories into practice.

RHONDA DIAL: Supervised teaching at Mount St. Mary's Child Development Center was a very valuable and enjoyable experience for me. Working with the teachers and children gave me an opportunity to apply what I have studied and this has made me aware of my own strengths and weaknesses.

BUSINESS INTERNSHIPS

Second-year business majors are enrolled in a business internship course which provides paid or volunteer working experience, a good place to get a future recommendation, personal and performance evaluations, and a weekly studying/evaluating seminar session. Some of our majors share their experiences:

JULIE CURO: Working in the office of Doctor J. Robert Close is proving a valuable and interesting experience for me. I like to make and reschedule appointments, prepare charts for the new patients, answer the phones, and send out the monthly statements; but I think most of all I enjoy the contacts with the patients. I am also learning a lot about the various insurance forms. I am finding that I like the health-care field.

ELIZABETH EMERICH: I am employed in the law offices of Mr. George O. West. Even though my work is part time, I am daily exposed to what actually happens in a law office: typing legal documents, last-minute rushes, filing with the courts, and (very important) keeping track of what has been done. I have received good on-the-job training, and I feel that my experience in this law office has been invaluable in preparing me to work as a legal secretary in the future.

CATHY GOMEZ: The Rafco Manufacturing Company has provided me with an internship experience. It is a small machine shop with a one-girl office. This position has been very advantageous to me because I have learned almost everything I need to know in any type of office, from simple filing to preparing extensive quarterly and fiscal business income tax returns. My experience with payroll procedures, accounts receivable and payable, and other accounting processes has helped to prepare me for an executive position in the future.

JOSIE GONZALES: During my internship I worked for the Bank of America, Manchester-Vermont Branch, as secretary to the Assistant Manager of Operations. It is a fulfilling job which deals with many aspects of personnel work: preparing papers for hiring, terminating, leaves of absence, transfers. I also take dictation and type up correspondence. I am happy that I will be able to keep this job on a part-time basis as I continue my education.

MARTHA MARTINEZ: I continued my work in the law offices of Rotkin, Schmerin & McIntyre for my business internship. I have learned so much about the legal field from both my job and my school courses. My job is really interesting to me because I am not only responsible for the paper work connected with trial settings, defaults, judgments, dismissals, etc., but I have contacts with our clients in advising them on the status of their cases.

BUSINESS INTERNSHIPS

ANDREA PEREZ: I have learned a lot about the banking field during my internship with the Bank of America, Jefferson-Hill Branch. I appreciated my supervisor's patience in teaching me all of the steps I had to learn about each transaction. I soon began to realize that the service I provide for our customers and the impression I make on them is a direct reflection on the bank. The job has given me good experience in working with the public and has taught me the different ways in which the banking system works to serve its customers.

DIANE SOLIS: I have enjoyed my work at the Orthopaedic Hospital during this second-semester internship. I was able to go four days during the week, and I rotated among various departments. I feel that I got some good experience from my duties in the Social Service Department, the Pharmacy, the Medical Library and the Finance Department; and I have a much broader knowledge of the business aspects of a hospital.

DEBRA URRUTIA: G. Amador and Company, brokers, provided my internship and my job as a receptionist-typist. Besides my duties of answering phones, processing the mail, and typing up various forms (billings, delivery orders, checks), I have been in situations in which I had to use my careful judgment in order to make some important decisions. This corporation has given me every opportunity to learn all there is to know about the import-export business. Through all this experience I feel confident that some day I will work my way up to a management position.

ANNE VALLIERE: My job at the Automobile Club of Southern California in Torrance has proven to be quite interesting. Originally, I was hired to work in the insurance records department; however, I quite often found myself working as receptionist. I have recently had a promotion, and now I am in training for the domestic hotel/motel reservations desk. Following graduation I will work full time in that department. There are many opportunities for advancement in the Auto Club, and I am happy to be working there.

FINANCIAL AID INFORMATION

IMPORTANT REMINDERS AND INFORMATION

1. Student Eligibility Reports from BEOG - ALL THREE COPIES - should be sent to the Financial Aid Office as soon as they are received.

2. SUMMER ADDRESS - If you will not be at the address that you submitted on your finacial aid application, be sure to leave a summer address with us. There will be a deadline date on each award letter and award letters not signed and returned by the deadline will be cancelled and the campus based funds and the MSMC funds will be given to other needy students.

3. AWARD LETTERS - Students who had complete financial aid files by the deadline of April 1st (April 15th for Cal Grant recipients) will receive award letters by May 31st if they are to receive college or federal campus based funds. Renewal Cal Grant awards on these letters will be estimated. The balance of the award letters will be completed during June and July. AWARDS ARE NOT FINAL UNTIL the 2nd SEMESTER GPA's ARE VERIFIED. Students with GPA's below 2.0 are not eligible for MSMC or government funds. Cal Grants A and B renewals will be announced on July 7th - after that date, awards will be finalized and revised when necessary.

4. PACKAGING - This year one application made the student eligible for any type of funds that are available through MSMC - this includes federal funds and college funds. The packaging process is as follows:

   1st Round - All students who met the deadline (March 1st for incoming students and April 1st or 15th for continuing students) were packaged first in NEED order - students with the greatest need first, and so on.

   2nd Round - All students who had complete files by May 9th were included on the computer listing of needy students and will be funded in the second round with available funds. MANY FUNDS WERE USED UP IN THE FIRST ROUND.

   3rd Round - Students who completed their files after May 9th will be funded in need order with the funds available.

   This year some students will be awarded a Federally Insured Student Loan as part of their package. If this is a new loan, you will receive information on applying for it during the summer. The State is taking over this loan program in California and we will be receiving new forms. If this is a renewal loan, you can pick up the applications in the Financial Aid Office now. Most banks will not accept the applications until June.

5. REGISTRATION - There will be one less line to stand in for registration. Students receiving government funds will not have to come to the financial aid office for clearance and the half-sheet. The business office and financial aid office have worked together to combine the award letter and the half-sheet. Students having loans (except federally insured student loans) will have to make an appointment with Sister Jeanne Anne to sign the promissory notes at the end of summer before registration day.

6. There are still students who have not submitted all required financial aid forms NO CONSIDERATION WILL BE GIVEN FOR ANY CAMPUS BASED FEDE[illegible]L FUNDS OR MSMC FUNDS UNTIL ALL THESE FORMS ARE ON FILE.
